

# AP TA

## APTA PORTFOLIO

## COMMITTED TO THE TRANSFER OF TECHNOLOGIES

The technologies belonging to the APTA portfolio are offered to different actors of the ecosystem at the national and international level to increase their adoption.

## APTA TECH HUNTING

We identify and connect the primary technology needs of the industry with the APTA partners' R&D capabilities.

## APTA TECHNOLOGICAL SURVEILLANCE

A service of valuable information gathering and analysis on technologies and their foreseeable trends for strategic decision making.

## APTA BUILDER

Our entrepreneurship program seeks to raise the generation of science-based technological Chilean Start-Ups with an impact on international markets.
